GENERAL

PERSONAL STATEMENT

Hi! I'm Despina and I love to create. As a Graphic Designer and Web Designer I have come to work with amazing people.

For the last seven years I freelance and I am working for the time being as an Art Director in Inart.

I admire the art of typography and the power of visual communication. I love

to spend hours listening to alternative music, watching psychedelic movies and enjoying the company of people I love.

Why don't we work together? Go further. down to see why I am the girl you need to hire and create together.

WHAT I LOVE TO DO

I am that girl who, just loves to create to make a better world - yeah - I do believe in that.
